Create a space where you can relax, and breathe and enjoy EveryDay Worship.

## Tuesday

### Call to Worship

Come to worship,

a time when we can be still, and listen and know that God is with us.

a time when God calls us out of places known and secure  
and invites us into a living, trusting relationship.

a time when the spirit pours strength into our souls and empowers us to serve.

Come to worship!

### Prayer

Help me find you, O God! Sometimes it feels as though you are gone - though not always, and not all the time. I awoke this morning and it was sunny outside, the birds were singing. I could see buds on trees.....it's spring...beautiful, hopeful spring and I felt your presence...until I turned on the TV, and read the news and I remembered. The fear came flooding back and just like that you were gone. Why is it so easy to lose you in the noise and chaos and uncertainty? Help me. Help me recognize you even in the midst of the fear and insecurity of our current situation. Help me recognize you in the voices of friend and family, in emails and Zoom meetings, in the person that delivers meals to my door and those who stocks shelves at the grocery store. Help me recognize you and then empower me to serve others in your name. Amen.

### Benediction\*

We go to serve because God's love us been poured into our hearts. Christ is within and among us. We have received the gift of the Holy Spirit and are ready to carry God's grace into the world. Amen.
