### Call to Worship

Let the heavens be glad! Let the earth rejoice!  
Let the nations say, "The Lord rules!"  
Let the sea and everything in it roar!  
Let the fields and their crops burst forth in joy!  
Let the trees of the forest rustle with praise before the Lord!  
For he is coming to establish justice on earth!  
Give thanks to the Lord, for he is good,  
his faithful love endures forever.

### Personal Reflection

#### Prayer

God of Creation, I come to you with thanksgiving. In this year when so much has been taken from all of us I offer a prayer of Thanksgiving for you continue to bless me, and to care for me. Yes, there are moments when that is hard to see and when you seem so far away. Yet, when I quiet my soul and still my anxiety, I see your work all around me. You are working through each of us. I see love and compassion being shared. I see grace been given and received. I see acts of forgiveness and blessing. Ordinary people offering your extraordinary grace in the midst of death, hardship and struggle. In this season of thanksgiving I will praise you. Amen.

#### Benediction

It is the season of Thanksgiving. I will go forth ready to praise God and share his blessings. Amen.
