### Personal Reflection

### Prayer

God of love and light, that star, the one that guided shepherds and magi, help it guide me, too. Give me the courage to follow wherever it might lead. Give me faith to know that I can be light for someone else. Help me be willing to leave the things that I find comforting and comfortable to embrace the life you call me to lead. Guide me on the journey, O God. Amen.

### Benediction\*

Follow the magi. Search for a life of meaning and purpose.  
Go with the promise of new life in the name of the Christ child. Amen.
