## Estimate of Giving for 2022

The Estimate of Giving indicates your support of First Church in 2022, assisting our leaders with planning for our ministries. Your commitment and investment allow us to share God's love through community outreach and services, faith-based education, and support groups, and opening our doors to everyone, offering hope to those in need.

Please note your estimate of giving can be adjusted at any time simply by contacting the church office. We appreciate your commitment to giving in addition to special offerings, fundraisers and Still Forever First pledges.

Thank you for your support of First Church.
